

Heating season is fast approaching in Pennsylvania, and in preparation for this Mattioni offers a professional heating inspection service. This is a completely thorough, 40-point process that identifies any issues that may come up including:

- Identification and removal of hazardous chemicals and debris
- Cleaning of air ducts and filters
- Checking of the proper function of thermostats
- Check furnace components (blowers, fans, belts, piping)

We strongly recommend that any customers interested in this inspection get a service agreement with us. The benefits of this contract are summarized below:

15% Discount on overtime service fee (no matter what time of day or night it is, receive 15% off OT service fee and pay regular service rates).

Priority customer status (moved ahead of non-maintenance customers).

Factory Extended Parts & Labor Warranty (all repairs will carry a labor warranty to match the factory warranty as long as the customer maintains a paid-up maintenance agreement excludes compressors and heat exchangers).

Lower operating costs (well-Increased capacity of existing system (restores equipment to as close to factory fresh specifications as possible).

Improved comfort (a clean indoor coil on an air conditioning system tends to remove more moisture).

Longer equipment life (well-maintained equipment lasts longer).

Reduced equipment runtime (when your system isn't running, it's saving you money).

Transferable to another location (or to the new owner).

Fewer repairs (equipment that is regularly maintained normally have less costly repairs).

Safer system (equipment that is clean and well maintained tends to be safer to operate).

15% Discount on all service repairs (all service parts and labor)

Get a head start on the heating season -don't wait until it's too late. Your family's health depends on it. Call us now at [484-699-0274](tel:484-699-0274).
